

Mining and Minerals Product Review (MMPR) is a product-based publication in the mining and minerals space. An alternate monthly publication, it showcases innovation, technologies and new products and services offered by mining companies and suppliers to the mining industry. It focuses solely on products and services in the health and safety, sustainability, mining and engineering, management, transport and mobility sectors. The readership includes supervisors, the workforce, general managers, procurement management and project managers; those at the coal face who get their hands dirty.
